

Martineau **OHM Trail**

OHM Use Only

The Martineau OHM Trails

tiny ponds and bogs.

Lakes Complex.

2 is east of Hwy. 64).

are two loops totaling 105 miles located in the southern

unit of the Paul Bunyan State Forest in Hubbard County.

The trails are open to off-highway motorcycles May 1 -

November 1. The land is very rough and hilly with many

State Forest trails are multi-use; please use caution.

Camping facilities are available in the Paul Bunyan State

Forest at the Mantrap Lake Camparound and the Gulch

Directions / Parking: From Walker - 10 miles west on

Recreation Trail Marker. (Loop 1 is west of Hwy. 64, Loop

State Hwy. 34 to State Hwy. 64; then north 5.5 miles to

From Park Rapids - 17 miles east to State Hwy. 64.

State Hwy. 200, then south on Hwy. 64.

are classified as

Martineau OHM Trails

From Bemidji - 28 miles south on US Hwy. 71, east on

Nearby Facilities: III III in Akeley.

General rules and restrictions

For more detailed information on rules and restrictions, please refer to the booklet Off-Highway Vehicle Reaulations. To receive a free copy call the DNR Information Center at 1-888-MINNDNR or (651) 296-6157.

In general you may operate an off-highway vehicle:

- On your own land.
- On private land with the landowner's permission.
- On frozen waters where you have legal access (if not restricted by law or local ordinances).
- On land posted with signs specifically permitting the use of off-highway vehicles.

You may not operate an off-highway vehicle:

- On the median of a four-lane highway.
- Within the right-of-way of any interstate highway
- At airports.
- In any state park, state recreation area, state historic site, Wildlife Management Area or state Scientific and Natural Area with the exception of posted trails and areas.
- On any frozen waters where you don't have legal access.
- In any areas restricted by local ordinances or municipalities.
- In a tree nursery or planting area.

Safety First!

- · Read the owner's manual and know your vehicle.
- · Wear appropriate protective equipment and clothing.

- Never carry a passenger on vehicles intended for one person.
- Ride straight--no alcohol or drugs.
- · Stay to the right on trails.
- Stay away from open water, thin ice and wetlands
- · Know the weather forecast.
- Maintain safe distances when riding with others.
- · Reduce your speed when riding at night.
- · Yield to other motor vehicles and trail users.
- · Young or beginning riders should take an all-terrain vehicle or off-highway motorcycle safety training course offered by the DNR.

- · Check your vehicle before you ride.
- Don't lend your vehicle to unskilled riders.
- · Supervise young or inexperienced riders.

- Let trail conditions determine safe speeds.

- · Use your headlight and make sure your taillight is working.

What's New?

pounds.

What are you riding?

800 cubic centimeters.

900 pounds.

Not all off-highway motor vehicles can be ridden on all

trails. The following descriptions can help you be certain that what you're riding is permitted on the trail you chose.

ATVs - All-Terrain Vehicles are motorized, flotation-tired

pressure tires, with an engine displacement of less than

vehicles with at least three, but no more than six low

Class 1 ATVs have a total dry weight of less than

Class 2 ATVs have a total dry weight of between 900 and 1,500 pounds.

designed to be straddled by the operator and have

OHMs - Off-Highway Motorcycles are vehicles

handlebars for steering control. Motorcycles may be legal

for highway use and still considered to be OHMs if used

terrain, such as four-wheel-drive trucks or ATVs over 1,500

for off-highway operation on trails or natural terrain.

traveling on two wheels that have a seat or saddle

ORVs - Off-Road Vehicles are motorized, recreational

vehicles capable of cross-country travel on natural

In 2003, the use of off-highway vehicles (OHVs) was banned in certain types of wetlands. The 2004 Legislature removed portions of that broad ban, and added new restrictions on where OHVs can travel. The new law does not differentiate between public and private wetlands in restricting OHV operation. It attempts to rely less on a recreational rider's knowledge of various wetland types and to make the rider generally more cautious of traveling on any wetland that is not part of an approved trail system. In addition, it allows exemptions for non-recreation use of OHVs in public waters and wetlands for various workrelated activities.

Trail difficulty ratings

Yellow directional arrows are placed along the trail.

For More Information

Before you go...

A little planning will go a long way to ensure a safe and enjoyable riding experience. Remember to wear appropriate protective gear, review the current Off-Highway Vehicle Regulations, and keep your vehicle in good operating condition. Inexperienced riders should take a certified training course and understand the safety features of their vehicles before going out on trails.

Check the DNR's website for the latest information about regulations and safety training courses. Contact local trail office prior to your visit to be aware of current trail conditions.
